

The 2023 **VW ID.4**

The 2023 VW ID.4

Electric for everyone

From the bold, aerodynamic design, to the comfortable, spacious interior and incredible value, the all-electric 2023 Volkswagen ID.4 transforms how you move and how you think of electric vehicles.

This fully-electric SUVW is full of the iconic Volkswagen feeling you'll notice the second you hit the pedal. While the acceleration is quieter, the wows are loud and clear when you go from zero to 100 km/h in 5.8 seconds with available All-Wheel Drive.¹

That exciting feeling comes without the feeling of range anxiety, too. With a range of up to 443 km for Rear-Wheel Drive and up to 410 km for All-Wheel Drive,² the ID.4 can take you from Oshawa to Ottawa, Vancouver to Kelowna, or Montreal to La Malbaie on a single charge.

¹ Please drive safely and obey all local traffic laws, including speed limits.
² Combined range estimate for the ID.4 Pro (RWD) and ID.4 AWD Pro, based on Natural Resources Canada's (NRCAN) approved guidelines for 2023. City rating for the RWD / AWD is 18.2 / 20.1 kWh / 100 km and highway rating is 21.3 / 22.6 kWh / 100 km. Range for the ID.4 has not yet been confirmed. Please refer to NRCAN's 2022 Fuel Consumption Guide available at <https://fcr-ccc.nrcan-nrcan.gc.ca/en> for more information. Full battery charge is required. Actual driving range will vary based on driving and charging habits, weather and temperature, battery age, and vehicle condition. Battery capacity decreases with time and use. See owner's manual for details.
³ Requires compatible mobile device running iOS 12, Android 8, or higher, with cellular service. Access to the desktop web portal requires a compatible internet browser. Microsoft Internet Explorer is not supported

Lead the charge

With our eyes set on the future, the ID.4 takes a note from our past with an electric motor at the rear of the vehicle. This standard **Rear-Wheel Drive** layout separates the wheels responsible for steering and driving, resulting in more precise control.

Upgrade to **All-Wheel Drive** and get a second electric motor for the front wheels that delivers quicker acceleration with even better handling and distribution of power. How much power? Enough to pull up to 2,700 lbs of boats, bikes, trailers, or whatever you're into with the standard **tow hitch**.

If you think this German-engineered electric vehicle can't handle the Canadian cold, think again. The available **heat pump** ensures a safe, warm, and comfortable drive while also preserving distance range.

The ID.4 tech is so impressive, you don't even need to be near it to enjoy it. With the available **Car-Net**[®] app,³ you're always connected to your ID.4. Find nearby charging stations, check your battery and charging status, set the temperature of the interior before you get in, and more – all from your smart phone. From anywhere.

Get ready to take charge in this all-electric SUVW.

Trim	ID.4	ID.4 Pro	ID.4 Pro AWD
Type	RWD	RWD	AWD
Battery (gross)	62 kWh	82 kWh	82 kWh

A whole lot less than you'd expect

Cost of maintenance

With a longer than-average warranty, world-class German engineering, and less moving parts to maintain than a gas vehicle, owning the ID.4 is a lot more affordable than you think. In fact, the ID.4 is recognized as one of the most cost-effective electric vehicles to maintain with the best value in its entire segment. Use the convenient third party [Vincentric cost of maintenance tool](#) at [vw.ca](#) to see for yourself.

¹Based on a comparison to other 2023 vehicles available at the time of publication.
²Up to 26% savings compared to the cost of paying for maintenance, on a per service basis. Potential savings percentage determined using the average savings amount of all model/year plans vs. the retail cost of individual services in 2022. See dealer for details.

Easy to get into Easy to maintain

Prepaid Maintenance

When compared to pay-as-you-go maintenance, VW Prepaid Maintenance isn't just better for your Volkswagen, it's better for your wallet too, with up to 26% in savings.²

On top of our 3-, 4-, and 5-year plans, we now offer a **new, comprehensive 2-year Prepaid Maintenance plan** designed to give you even more savings and peace of mind.
