## Devoted to Keeping you on the Road

Not only can you select a plan that is suited to your driving needs, Volkswagen Protection Plus Wear Protection also provides you with the following benefits:

- 01** No additional out-of-pocket payments for parts and labour related to covered wear and tear components
- 02** Option to build the cost of your plan into your Finance or Lease payments  
Protection against potential parts and labour price increases
- 03** Provides savings from retail prices as well as future inflation

Your Volkswagen is meticulously designed through the unanimous effort of thousands of moving parts. Together they deliver the seamless performance, comfort, and safety you experience wherever your Volkswagen may take you. Due to the nature of some of these parts, normal wear and tear is to be expected.

Volkswagen Protection Plus Wear Protection covers parts and labour for typical wear and tear components. This means, when parts such as brake pads and rotors, belts/hoses, and windshield wiper blades wear out, they will be replaced at no additional cost to you.

No one knows your Volkswagen like you do. With the small exception of our Volkswagen Certified Technicians. Using state-of-the-art diagnostics tools and Volkswagen approved parts, Volkswagen Certified Technicians ensure your vehicle remains primed for upcoming adventures, family road trips, or even routine grocery store outings, all while maintaining its original performance and integrity.
